Dear Sir

The Management Committee of MARCSTA would like to express its appreciation for the Safety Culture Excellence training program conducted by Shawn Galloway of ProAct Safety Inc on 30<sup>th</sup> November 2011 here in Perth.

Feedback from attendees has been excellent with 97% indicating approval of the delivery, 87% finding the sessions most useful and 89% expressing their interest in attending future workshops.

Members of the Management Committee found the content relevant and stimulating and the enthusiasm and professionalism of the program co-ordinator outstanding.

This organisation would re-engage Mr Galloway when the opportunity presents itself and would strongly recommend his involvement to other interested organisations.

Thank you for delivering precisely what we had hoped for.

Yours sincerely

**PATRICK GILROY AM**
